

It's all over...

Getting betterer

We don't care about final
projects

The real project is inside you

And it will never be finished

You all now know enough to be useful

But you have so much more to learn

Forever...

(we all do)

(and that is a great thing)

The most important things we taught

How to think like a programmer

- The concepts are by far the most important thing

The most important things we taught

How to debug

- Everything comes with practice, but practice is easier when you can debug well
- and patiently
- and calmly
- and cheerfully
- People will **love** you for fixing their broken code

What now?

You never have to see me again!

- Don't stop coding: practice
- Learning new languages and frameworks makes you better at other ones
- Participate: meetups, conferences, events, Twitter, GA
- Stay in touch with each other
- Enjoy: it's going to be easier that way
- ***Get great: blow my mind!***

Practice

Give yourselves warmups!

- Rosetta Code
- Exercism
- Project Euler
- Koans: Ruby and JavaScript
- John Resig: Write code every day

Learn new things

- 7 Languages in 7 weeks
- 7 Databases in 7 weeks
- 7 Frameworks in 7 weeks

Passive Consumption

- Twitter
- Newsletters
- Github
- Podcasts

Meetups

- SydJS
- RoRo
- SydCSS
- Hack Nights
- GA Events
- Anything else

Conferences

- Rails Camp
- Camp JS
- JSConf.au
- Rails Conf
- International
- Videos

Books

- Eloquent and Speaking JavaScript
- JavaScript: The Definitive Guide
- JavaScript: The Good Parts
- You don't know JS
- Functional Programming with Underscore.js
- Understanding ES6
- Exploring ES6

Books

- Eloquent Ruby
- The Rails 4 Way
- Why's Poignant Guide to Ruby
- Refactoring: Ruby Edition

Books

- Mastering Regular Expressions
- Clojure: For the brave and true
- Pro Git
- Git for Humans
- The Little Schemer
- The Next 700 programming languages
- The Galactic Network

Getting great

- Read code
- Read books about code
- Kindly,
- patiently,
- sweetly help other people with debugging

The reasons I teach...

- Does anyone remember any of them?
- Stay in touch
- Stay in touch
- Stay in touch

Time for me to be selfish

PERSONAL MILESTONES

The reasons I teach...

- Stay in touch
- Stay in touch
- Stay in touch

That is all
